

gutter clean[®] SYSTEM

MAINTENANCE-FREE EAVESTROUGH PROTECTION FOR EXISTING EAVESTROUGHS

www.alu-rex.com

Screwed to eavestrough

- » Prevents leaves and debris from entering front of eavestrough

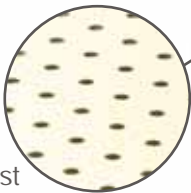

Roll-Back™ technology

- » Efficiently returns water to center of the Gutter Clean System

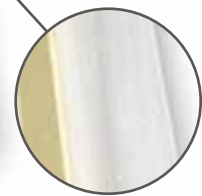

Made from aluminum

- » Does not rust
- » Keeps its shape
- » 25-year warranty

PVC flap

- » Tightly seals eavestrough against leaves and debris
- » Treated against UV rays and extremes in temperature

Alu-Perf™ perforations

- » The perfect balance between maximum drainage and protection against debris
- » Size: 7/64" (2.8 mm)
- » Drain 29.7" (754 mm) of water per hour

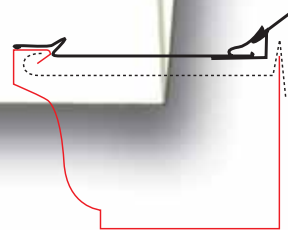

Gutter Clean System[®]

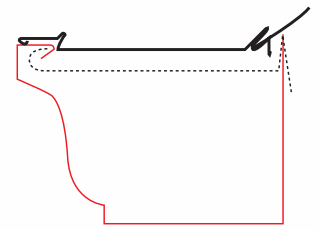

- » Protects eavestrough from leaves and other debris
- » Extends eavestrough life
- » Installs on most 4", 5" and 6" eavestroughs
- » Invisible from the ground
- » 15 km/h wind will blow away most debris

Installer accessories

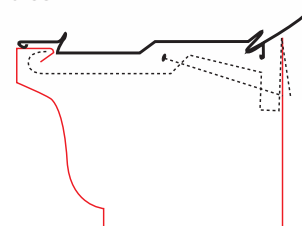

- » Prefab adjustable inside and outside corners for quick installation
- » Water diverter
